5. Tax Withholding Elections

Distributions from your non-Roth IRA are subject to federal and, where applicable, state income tax withholding unless you elect not to have withholding apply below (if you are a U.S. citizen or other U.S. person). For nonperiodic payments, the default withholding rate is 10%. You can choose to have a different rate by entering a rate between 0% and 100% below. Generally, you can't choose less than 10% for payments to be delivered outside the United States and its possessions. Federal and state tax withholding cannot total more than 100%. If you made nondeductible contributions to your IRA, this may result in excess withholding from your distributions. If you elect not to have withholding apply to your distributions or if you do not have enough federal income tax withheld from your distribution, you may be responsible for payment of estimated tax. You may incur penalties under the estimated tax rules if your withholding and estimated tax payments are not sufficient. **See "Federal and State Tax Withholding — IRA Withdrawals" at the end of this form.**

Do NOT complete this section if you are not a U.S. person (including a resident alien individual). Instead, the nonresident alien tax withholding rate of 30% will apply. If you believe you are entitled to a reduced tax treaty benefit based on your country of residence, provide the IRS Form W-8BEN with the Special Rates and Conditions section completed to indicate that this distribution is eligible for a reduced tax rate with this form. Please note that this could delay the funds leaving your account by up to 3 business days. If your tax treaty claim is invalid, the distribution will be processed with 30% withholding.

Complete if you would like a rate of withholding that is different from this default withholding rate. You should review the General Instructions and the Marginal Rate Tables contained in the IRS Form W-4R at <https://www.irs.gov/forms-pubs/about-form-w-4r> for additional information.

Premiere Select® IRA One-Time Distribution Request

Customer Instructions and Terms and Conditions

Read these Instructions and Terms and Conditions carefully before completing and signing the attached form. You are responsible for complying with IRS rules governing IRA distributions, including required minimum distributions and substantially equal periodic payments. If you fail to meet any IRS requirements regulating IRA distributions, you may be subject to tax penalties. If you have any questions regarding your specific situation, consult with a tax professional.

The attached form should be used to request a one-time distribution from a Premiere Select Traditional, Roth, Rollover, SEP or SIMPLE IRA, IRA Beneficiary Distribution Account (BDA), or Roth IRA BDA, referred to as "IRA" or "account," held through National Financial Services LLC ("NFS").

If you wish to request a distribution from more than one IRA, you must complete a separate form for each IRA.

Distributions made in cash will be paid from the balance of your core account investment vehicle ("core account"). It is your responsibility to ensure there are sufficient funds available in the core account to process the distribution. If there are insufficient funds available in the core account, the distribution will not be processed.

For full distributions, a \$125 termination fee and a final year annual maintenance fee, if applicable, as described in your Premiere Select Retirement Account Customer Agreement or in some other manner acceptable to the Custodian, if applicable, will be collected from the final distribution amount. If you request a distribution that will result in an account balance that is less than the amount of any fees due, which include the liquidation/termination fee and the annual maintenance fee, for a particular year, NFS may instead process a full distribution of your entire account balance and collect the applicable fees at that time. Note that this could result in a payment amount that is less than the amount requested due to the payment of the applicable fees. In addition, your account may be closed.

If you have any questions, consult your Broker, Financial Representative, or Investment Professional ("investment representative").

Completing the Form

Write the IRA account number in the boxes in the upper right-hand corner of the form.

1. Account Owner

Complete this section as appropriate.

2. Distribution Request

Future Process Date – Optional

You may specify a future process date for this distribution request (available for distributions in cash ONLY). For partial distributions, the future process date can be up to six months from the date the request is submitted EXCEPT for Return of Excess (ROE) contributions, which are limited to seven business days from the date the request is submitted. All full distributions are limited to seven business days from the date the request is submitted.

Note: The future process date cannot cross years; for an ROE of a prior year contribution, it cannot go beyond the tax filing deadline (typically October 15); and for individuals who are under age 59½, it cannot be the date you turn age 59½ or beyond.

Reason for Distribution

Indicate the reason for your distribution to ensure appropriate tax reporting, choosing only one. Note that if you are under 59½ and are taking a distribution due to disability, as defined in Section 72(m) (7) of the Internal Revenue Code ("IRC"), a qualified first-time home purchase (\$10,000 lifetime total), qualified higher education expenses, certain medical expenses or health insurance premiums, qualified birth or adoption distribution (\$5,000 limit), or substantially equal periodic payments, as defined in IRC section 72(t), select the box for "Premature." You may wish to consult with your tax professional regarding the tax implications associated with each Reason for Distribution choice.

If you are requesting a qualified Roth IRA distribution, the account must meet the IRS requirement of the 5-taxable-year period. This period begins on (a) the first day of the taxable year for which the first regular contribution is made to any Roth IRA you own or (b) if earlier, the first day of the taxable year in which the first conversion contribution is made to any Roth IRA you own.

If you wish to request a direct Rollover to an Employer-Sponsored Retirement Plan, you must sign this form and the distribution must be paid directly to the qualified plan for the benefit of the participant. Provide the plan information (your name, your account number with the plan, and the plan name) in the third-party payment method instruction. Sufficient details must be provided to allow the Employer-Sponsored Retirement Plan to apply the funds to your account.

If you have inherited IRA assets from a decedent and wish to take death distributions, you must first establish and transfer the assets to an IRA BDA or Roth IRA BDA as applicable, and then take the death distributions from the IRA BDA or Roth IRA BDA. If you are a spouse beneficiary and wish to transfer the decedent's IRA to your IRA, do not complete this form. You must complete a Premiere Select IRA Transfer Request for Spouse Beneficiary, which can be obtained from your investment representative. If you are a spouse beneficiary who has transferred inherited IRA assets to your own IRA and are required to take the decedent's year of death Required Minimum Distribution (RMD), you may take the RMD directly from your IRA after the transfer has been processed.

If you are under age 59½ and are taking distributions from your SIMPLE IRA before the expiration of the two-year period beginning on the date your employer makes the first contribution to your SIMPLE IRA, you may be subject to a 25% penalty.

If you wish to request a transfer pursuant to a divorce or separation of the IRA owner, do not complete this form. Contact your investment representative for additional instructions.

If you wish to request an IRA or IRA BDA Transfer of Assets (trustee-to-trustee transfer) to an IRA or inherited IRA/IRA BDA with another institution, do not complete this form. Contact your investment representative for additional instructions.

Distribution Instructions

For a distribution other than a Return of Excess Contribution, choose one of the three options listed (For a Return of Excess Contribution, refer to the Return of Excess Contribution section below):

A. Partial Distribution in Cash. The distribution will be paid from the balance in the core account. Provide a specific gross dollar amount to be distributed and select one payment method in the Payment Method section. If you want to gross up the distribution amount to include any federal and state tax withholding and any wire fee (as applicable), check the Gross Up box.

B. Partial Distribution In-Kind.* Provide the investment name(s), and share/unit amount(s) to be re-registered into a nonretirement brokerage account and provide the account number in the Payment Method section. If more space for investment information is needed, list the information requested on the form along with your name, account number and Tax Identification/Social Security number on a separate sheet of paper, sign and date it and attach it to the form. If you are requesting a partial distribution in kind of shares only, the value of the distribution will be grossed up to include any federal and state tax withholding. Tax withholding for distributions in kind will be withheld from the core account. If you are requesting a partial distribution of cash and shares, and would like to gross up the amount to include any federal or state tax withholding, check the Gross Up box.

C. Full Distribution.* (Distribution of your entire IRA Balance)

- For a full distribution that is to be made in cash from your core account, select one payment method in the Payment Method section.
- For a full distribution to be made in-kind, provide the nonretirement brokerage account number in the Payment Method section.

* **Note:** Certain securities may only be issued in specified denominations.

3. Return of Excess Contribution

Do NOT use this form to correct an excess contribution to a SIMPLE IRA. Contact your investment representative for information on how to request a return of excess contribution to a SIMPLE IRA.

If you wish to correct an excess contribution by requesting a return of the excess contribution, plus any applicable earnings, provide the date on which the excess contribution was made, the tax year for which the excess contribution was made, and whether you are requesting the return of excess contribution before or after your tax filing deadline, including extensions for the year in which the excess contribution was made.

Contact your investment representative or tax professional for information on how to determine the attributable earnings amount.

Redeposit as Current Year Contribution—Optional

If you wish to redeposit all or a portion of the excess contribution as a current year contribution,* you must specify the amount of the redeposit and the remainder to be distributed to you.** **Note:** The amount of the redeposit cannot exceed your current year allowable IRA contribution limit.

*Any amount to be distributed and then re-deposited as a current year contribution will be reported on an IRS Form 1099-R (for the distribution) and IRS Form 5498 (for the contribution).

**Payment will be made in accordance with the payment method selected in the Payment Method section and will be reported, less any wire fee, if applicable, on IRS Form 1099-R.

Note:

- You may be able to correct contributions to a Roth IRA by recharacterizing the Roth IRA contribution (and its earnings) to another IRA for the same tax year. Contact a tax professional for more information on how to correct an excess Roth IRA contribution via recharacterization.
- If your employer makes a nondeductible contribution to your SEP IRA, the excess amount is first treated as a regular annual IRA contribution and then to the extent the amount exceeds your annual IRA contribution limit, an excess occurs and can be corrected by requesting a return of excess contribution in this section of the form.
- A return of excess contribution (distribution) is not required if you are correcting the excess contribution by using the carry-over method of re-applying the excess contribution to subsequent tax years until the excess is depleted. Do not complete this form if you choose this option. Consult a tax professional or your investment representative for more information.
- The amount of an excess contribution that is not distributed to you or applied to a subsequent year contribution by the tax filing deadline, including extensions, for the year in which the contribution was made, is subject to a 6% IRS penalty for each year that it remains in the IRA.
- Any applicable earnings distributed to you should be included as income in the year the contribution was made.
- If you elect to have federal and/or state income taxes withheld from the distribution, withholding will only apply (i) to the earnings that are specified if the distribution is processed prior to your tax filing deadline, including extensions, for the year in which the excess contribution was made, or (ii) to the entire amount of the distribution if the distribution is processed after your tax filing deadline, including extensions.

4. Payment Method

If no payment method is selected, your cash withdrawal will be made by Electronic Funds Transfer (EFT) in accordance with your standing instructions. If no standing instructions are available, or if you have multiple standing instructions, then your cash withdrawal will be made by check and sent to your mailing address of record. Skip this section if you are electing 100% tax withholding.

Some payment methods require that you have already established standing instructions for your IRA. To establish standing instructions, complete the Premiere Select Standing Payment Instructions form, which can be obtained from your investment representative.

A. Check Distribution

1st Party Check. Check will be paid and mailed to the name and mailing address of record. If you wish to use previously provided standing instructions, check the appropriate box.

3rd Party Check. If you want a check paid and/or mailed to a payee and/or address other than the mailing address of record, check this box. You may choose to use standing instructions already on file or you may provide Alternate Instructions that will be used for only this request.

Overnight Mail. If you wish to have the check mailed via overnight delivery, provide the carrier name and billing number and, for UPS only, carrier address.

B. Electronic Funds Transfer (EFT)

Select the appropriate box and provide the Line Number for the existing standing instructions or provide the Alternate Instructions for this request only.

Note: EFT instructions may take 4–5 business days to become active. Business days are Monday through Friday. Bank and New York Stock Exchange holidays are not included. If you have multiple sets of standing instructions, provide the line number of the specific set of instructions, as it pertains to this situation. The line number can be obtained from your investment representative.

C. Bank Wire

In order to send a distribution via Bank Wire, the recipient institution must be a member of the Federal Reserve System. A wire processing fee of \$15 will be deducted from the distribution amount indicated on this form, and will affect your reported distribution amount. For example, if you request a distribution of \$1,000, and you do not select the Gross Up option, both the distribution amount wired to your bank account and the distribution amount reported on IRS Form 1099-R will be \$985. The receiving bank may also charge a fee for the receipt of the Bank Wire.

D. Distribution to a Nonretirement Account

If you want cash or securities distributed in-kind to a nonretirement account, provide the nonretirement account number. An application must be completed to establish a new nonretirement brokerage account.

5. Notice of Withholding

Read carefully before completing the Tax Withholding Elections section of the form.

An IRA distribution (other than Roth IRA distributions and Direct Rollovers) is subject to federal (and, in some cases, state) income tax withholding unless you elect not to have withholding apply. Withholding will apply to the gross amount of each distribution, even if you have made nondeductible contributions. Moreover, failure to provide a U.S. residential address will result in 10% federal income tax withholding on the distribution proceeds even if you have elected not to have tax withheld (an IRS requirement as applicable). A Post Office Box or Personal Mail Box does not qualify as a residential address.

If you do not make an election for withholding, either by making no choice or by not providing a U.S. residential address, federal income tax will be withheld from the IRA owner's distribution(s) (excluding Roth IRA distributions and Direct Rollovers) at a rate of at least ten percent (10%). Federal income tax will not be withheld from a Roth IRA or Roth IRA BDA unless you elect to have such tax withheld. Generally, you can't choose less than 10% for payments to be delivered outside the United States and its possessions.

The IRA distribution may also be subject to state income tax withholding. See the "Federal and State Tax Withholding — IRA Withdrawals" at the end of this form for the IRA owner's state's withholding rules. The IRA owner's state of residence will determine his or her state income tax withholding requirements, if any. The IRA owner's state of residence is determined by his or her legal address of record provided for the IRA.

Whether or not you elect to have federal, and if applicable, state income tax withheld, you are still responsible for the full payment of federal income tax, any state tax or local taxes, and any penalties which may apply to your distribution(s). Whether or not you elect to have withholding apply (by indicating so on your distribution request), the IRA owner may be responsible for payment of estimated taxes. The IRA owner may incur penalties under the IRS and applicable state tax rules if the IRA owner's estimated tax payments are not sufficient.

If the IRA owner is not a U.S. person (including a resident alien individual), the nonresident alien tax withholding rate of 30% will apply. If you believe you are entitled to a reduced tax treaty benefit based on your country of residence, provide the IRS Form W-8BEN with the Special Rates and Conditions section completed to indicate this distribution is eligible for a reduced tax rate with this form. Please note this could delay the funds leaving the account by up to 3 business days. If your tax treaty claim is invalid, the distribution will be processed with 30% withholding.

6. Signature and Date

Before signing the distribution form, carefully read the **IRA One-Time Distribution Request form and Customer Instructions and Terms and Conditions**. The distribution form is part of a legal agreement between you and NFS and by signing the Signature and Date section you are agreeing to be bound by the terms and conditions contained in the Premiere Select IRA Custodial Agreement and Disclosure Statement or Premiere Select Roth IRA Custodial Agreement and Disclosure Statement or Premiere Select SIMPLE IRA Custodial Agreement and Disclosure Statement, as applicable.

Detach the completed distribution request form and return it to your investment representative. Keep a copy of this form with the Customer Instructions and Terms and Conditions in your files.

General Instructions on Federal Tax Withholding

Nonperiodic payments—10% withholding. Your payer must withhold at a default 10% rate from the taxable amount of nonperiodic payments **unless** you enter a different rate. Distributions from an IRA that are payable on demand are treated as nonperiodic payments. Note that the default rate of withholding may not be appropriate for your tax situation. You may choose to have no federal income tax withheld. See the specific instructions below for more information. Generally, you are not permitted to elect to have federal income tax withheld at a rate of less than 10% (including “-0-”) on any payments to be delivered outside the United States and its territories.

Note: If you don't give Form W-4R to your payer, you don't provide an SSN, or the IRS notifies the payer that you gave an incorrect SSN, then the payer must withhold 10% of the payment for federal income tax and can't honor requests to have a lower (or no) amount withheld. Generally, for payments that began before 2026, your current withholding election (or your default rate) remains in effect unless you submit a new withholding election.

Payments to nonresident aliens and foreign estates. Do not use Form W-4R. See Pub. 515, *Withholding of Tax on Nonresident Aliens and Foreign Entities*, and Pub. 519, *U.S. Tax Guide for Aliens*, for more information.

Tax relief for victims of terrorist attacks. If your disability payments for injuries incurred as a direct result of a terrorist attack are not taxable, enter “-0-”. See Pub. 3920, *Tax Relief for Victims of Terrorist Attacks*, for more details.

Specific Instructions for IRS Form W-4R

Line 1b

For an estate, enter the estate's employer identification number (EIN) in the area reserved for "Social security number."

Line 2

More withholding. If you want more than the default rate withheld from your payment, you may enter a higher rate.

Less withholding (nonperiodic payments only). If permitted, you may enter a lower rate (including "-0-") if you want less than the 10% default rate withheld from your payment. If you have already paid, or plan to pay, your tax on this payment through other withholding or estimated tax payments, you may want to enter "-0-".

Suggestion for determining withholding. Consider using the Marginal Rate Tables on page 1 to help you select the appropriate withholding rate for this payment or distribution. The tables are most accurate if the appropriate amount of tax on all other sources of income, deductions, and credits has been paid through other withholding or estimated tax payments. If the appropriate amount of tax on those sources of income has not been paid through other withholding or estimated tax payments, you can pay that tax through withholding on this payment by entering a rate that is greater than the rate in the Marginal Rate Tables.

The marginal tax rate is the rate of tax on each additional dollar of income you receive above a particular amount of income. You can use the table for your filing status as a guide to find a rate of withholding for amounts above the total income level in the table.

To determine the appropriate rate of withholding from the table, do the following. Step 1: Find the rate that corresponds with your total income not including the payment. Step 2: Add your total income and the taxable amount of the payment and find the corresponding rate.

If these two rates are the same, enter that rate on line 2. (See *Example 1* below.)

If the two rates differ, multiply (a) the amount in the lower rate bracket by the rate for that bracket, and (b) the amount in the higher rate bracket by the rate for that bracket. Add these two numbers; this is the expected tax for this payment. To get the rate to have withheld, divide this amount by the taxable amount of the payment. Round up to the next whole number and enter that rate. (See *Example 2* below.)

If you prefer a simpler approach (but one that may lead to overwithholding), find the rate that corresponds to your total income including the payment and enter that rate.

Examples. Assume the following facts for *Examples 1* and *2*. Your filing status is single. You expect the taxable amount of your payment to be \$20,000. Appropriate amounts have been withheld for all other sources of income and any deductions or credits.

Example 1. You expect your total income to be \$70,000 without the payment. Step 1: Because your total income without the payment, \$70,000, is greater than \$66,500 but less than \$121,800, the corresponding rate is 22%. Step 2: Because your total income with the payment, \$90,000, is greater than \$66,500 but less than \$121,800, the corresponding rate is 22%. Because these two rates are the same, enter "22."

Example 2. You expect your total income to be \$60,000 without the payment. Step 1: Because your total income without the payment, \$60,000, is greater than \$28,500 but less than \$66,500, the corresponding rate is 12%. Step 2: Because your total income with the payment, \$80,000, is greater than \$66,500 but less than \$121,800, the corresponding rate is 22%. The two rates differ. \$6,500 of the \$20,000 payment is in the lower bracket (\$66,500 less your total income of \$60,000 without the payment), and \$13,500 is in the higher bracket (\$20,000 less the \$6,500 that is in the lower bracket). Multiply \$6,500 by 12% to get \$780. Multiply \$13,500 by 22% to get \$2,970. The sum of these two amounts is \$3,750. This is the estimated tax on your payment. This amount corresponds to 19% of the \$20,000 payment (\$3,750 divided by \$20,000). Enter "19."
